THE BENEFITS OF A MOUNT SINAI FUNERAL TRUST

Just as a tree selflessly provides shade and shelter, a Mount Sinai Funeral Trust will protect, guide, educate, and provide resources to those who matter most to you when they need it the most.

MOUNT SINAI
MEMORIAL PARKS AND MORTUARIES

PROTECT those you love from the responsibility of making difficult emotional and financial decisions at a time when they are least equipped to do so. Choosing to establish an interest-earning fund now will help defray the cost of funeral arrangements no matter how far into the future. Mount Sinai's Funeral Trust was created to empower you with the opportunity to make choices today to protect your family in the future.

GUIDE your loved ones by creating a Funeral Trust that gives specific directions about how you want your services to be conducted, when you have the benefit of time for careful consideration.

Documenting and sharing your preferences will gift those you love with peace of mind rather than the hardship and burden of tough decisions at the time of need. Your trust will define:

- Type of service
- Service location (chapel, graveside, or both)
- Jewish rites and rituals that are important to you
- Rabbi's name to officiate or preference of denomination
- Desire for personal clothing or tachrichim (burial shroud)
- Personal wishes (music, readings, speakers, flowers)

EDUCATE and preserve meaningful details about your life and family that might otherwise be lost. A Memorial Record and Guide is a confidential document incorporated into your Funeral Trust that includes essential information such as your vital statistics along with recorded answers to personal and family history questions that may be long forgotten or not known by family members. This helps your loved ones and Mount Sinai counselors ensure your personal data is correct and all arrangements are completed with accuracy and in accordance with California Law. This record is a legacy of knowledge about you and prior generations. You may also choose to include your ethical will, ensuring it is safely stored and delivered to your loved ones after your service.

PROVIDE for those who "don't know what they don't know". Most people do not realize that cemetery property and mortuary services are two separate entities. Mortuary services are neither selected nor is the cost covered with the purchase of property and require numerous informed decisions at the time of need. A Funeral Trust not only defines the type of funeral service but also funds and offers documented selections including but not limited to:

- Transportation, permits and recording fees
- Care and preparation for the deceased
- Casket choice
- Burial Vault
- Use of Chapel and funeral coach
- Rabbi's honorarium
- Memorial Tablet

It is difficult to anticipate cost escalations for goods and services to be used at a future date. This is why Mount Sinai's Funeral Trust is an interest earning fund that yields 3% interest per year paid into your Funeral Trust. In addition, if you elect to allow the 3% interest to be added to the principal for the duration of the trust, Mount Sinai will add a matching credit of the total amount of the accrued interest to your trust at the time of need. Every effort is made for Mount Sinai's Funeral Trust to align with your intention to provide for your family. Mount Sinai is committed to honoring the deceased and taking care of the living.
